

## Future careers with libraries

Experience a dynamic 21st century library with a variety of career pathways:

- Working with creative technologies
- Connecting people to their stories and whakapapa
- Creating digital content and managing the library's social media
- Presenting preschool programmes, including sharing stories in languages other than English
- Planning public events
- Bringing our services into schools, resthomes, and community events
- And more!

We actively practice biculturalism, support diversity, and aim to be representative of all our Ōtautahi Christchurch communities. Even if you're not a reader, there's a place for you in our libraries.

## Student Workplace Experience at Christchurch City Libraries

Nau mai tauti mai.  
Stories come to life at the library.

## Experience working at libraries

Join us for an exciting nine-week Student Workplace Experience, available in both terms 2 and 3.

Throughout this programme, you'll gain practical hands-on experience to learn and develop important skills, make new connections, and discover the many different career opportunities within the library.

## What to expect

Over a term, you will spend two hours a week with your Library Buddy learning the basics of library work:

- Introducing the library to new members
- Finding and recommending books
- Looking after library materials
- Planning library activities
- Promoting library resources
- And more!

## Sign up for the experience

Enrolments are open until week five of the prior term. To enrol or find out more, please email us at

[student-work-experience@ccc.govt.nz](mailto:student-work-experience@ccc.govt.nz)

**We're more than just books. During the experience you'll be connecting people, inspiring discovery, enriching communities.**

### Connecting people

- Listen to others to learn what they need
- Recommend books in person and online
- Help customers with computers and printing
- Create engaging activities for children

### Inspiring discovery

- Discover creative technologies in the Auahatanga – Creative Spaces
- Practise using the Dewey Decimal System to shelve books
- Help customers with research
- Share our digital resources with others

### Enriching communities

- Bring library services out to people
- Learn about the power and joy of storytelling
- Help people explore the library
- Create amazing displays that share stories
